### **Text**

Krause, M., Corts D., Smith, S., & Dolderman, D. (2018). *Psychological Sciences* (Canadian 2<sup>nd</sup> Edition). Pearson. (ISBN-13: 9780134716978).

**Option 1:** Purchase a hard copy of textbook along with a mylab psychology access code at the bookstore. An access code bundled with you text is required for the following steps to work, which give you access to on-line flashcards, sample multiple choice questions, and other voluntary study aids.

1. Go to [www.pearson.com/mylab](http://www.pearson.com/mylab)
2. Under Register, select Student
3. Confirm you have the information needed, then select OK! Register now
4. Enter your instructor's course ID: **williams00595** , and Continue
5. Enter your existing Pearson account username and password to Sign In (probably not true)  
Or, if you don't have an account, select Create and complete the required fields (probably true)
6. Enter the access code that came with your textbook
7. From the You're Done! page, select Go To My Courses
8. On the My Courses page, select the course name An Introduction to Psychological Science, 2nd Edition to start your work.

**Option 2:** You can arrange on-line access to the E-text with embedded quizzes. This "REVEL version" of the textbook is on-line only, but you are able to order a 15.00 loose leaf print copy inside REVEL delivered to your door:

1. Find Mom's purse or Dad's wallet and select a credit card
2. Follow the invitation link:  
<https://console.pearson.com/enrollment/o8knkv>

**Option 3:** Find a used copy of the textbook (e.g., Abebooks.com, from a friend). AP Psychology Questions are a good place to "practice" what you've learned. Follow this link and select by topic:  
<https://www.highschooltestprep.com/ap/psychology/>

### **Class Website**

The class website includes general information, lecture slides, and test results. To access the website, check NEXUS.... <https://nexus.uwinnipeg.ca/d21/login>

## Evaluation

Six multiple-choice tests, weighted equally (16.67 points x 6 tests = 100 points), will serve as the main basis for evaluation. Tests will be comprised of about 20% lecture-only material, 20% book-only material, and 60% either lecture or book. Readings for each test are found in the next section (any omitted material will be indicated during class). Extraneous materials are not permitted for use during exams. **You must bring a pencil and eraser.** Student identification may be requested during the exam.

## Missed Tests

A deferred test can be scheduled by contacting the instructor. The notification deadline runs until 48 hours *after* the time of the test. Please use "introductory psychology missed test" in the header of your e-mail so that our spam checkers do not filter out your messages. Deferred tests usually occur in the free period (MWF, 12:30-1:20) about two weeks after the original test date (exact day and time posted on NEXUS). Students who miss a test for an approved reason (e.g., illness) will be given one opportunity to make it up and it is incumbent on them to be available for the deferred test. If you miss the deferred test, a 15% penalty (i.e., if you scored 80% on the make-up exam, it will be listed as 65% on the grade sheet) will be applied unless the instructor receives third-party documentation, which may be verified with its source. Make-up tests are not given on the basis of a "less than expected" grade. If you don't write a test it will be scored as 0.

## Subject Pool Requirement

All students are expected to fulfill the subject pool requirement (see subject pool document on NEXUS). Failure to do so might result in a grade reduction (e.g., from an A- to a B+). At the start of term you will receive an email about how to register your SONA account which tracks your subject pool credits and lists open experiments. If you do not receive an e-mail with your user ID by the end of September, contact [k.barkhouse@uwinnipeg.ca](mailto:k.barkhouse@uwinnipeg.ca), not us!

## Final Grades

Letter grades will be assigned based on the following table, reduced by one step if the subject pool requirement is not met. Final grades are subject to approval by the Department and the Senate, and can be increased or decreased.

A+	95 minimum, at Instructor's Discretion
A	88 - 94
A-	82 - 87
B+	76 - 81
B	70 - 75
C+	64 - 69
C	58 - 63
D	50 - 57
F	0 - 49

The voluntary withdrawal date for this course is Friday February 15, 2019.

## Notes:

For more information about programs in Psychology, tutoring, visiting speakers, registration information, research opportunities, and employment visit the Psychology Website at <http://psychology.uwinnipeg.ca/> and our Facebook Page: [Psychology Department @ UWinnipeg](#)

Students with documented disabilities, temporary or chronic medical conditions, requiring academic accommodations for tests/exams (e.g., private space) or during lectures/laboratories (e.g., note-takers) are encouraged to contact Accessibility Services (AS) at [accessibilityservices@uwinnipeg.ca](mailto:accessibilityservices@uwinnipeg.ca) or 786-9771 to discuss appropriate options. All information about a student's disability or medical condition remains confidential, <http://www.uwinnipeg.ca/accessibility>

All students, faculty and staff have the right to participate, learn and work in an environment that is free of harassment and discrimination. The UW Respectful Working and Learning Environment Policy may be found online at [www.uwinnipeg.ca/respect](http://www.uwinnipeg.ca/respect)

Students should be familiar with the Regulations and Policies section of the Course Calendar dealing with academic regulations and policies, including Senate appeals and academic misconduct (e.g. plagiarism, cheating) <http://uwinnipeg.ca/academics/calendar/docs/regulationsandpolicies.pdf>

Students may choose not to attend classes or write examinations on holy days of their religion, but they must notify their instructors at least two weeks in advance. Instructors will then provide opportunity for students to make-up work and/or examinations without penalty. A list of religious holidays can be found at: <http://uwinnipeg.ca/academics/calendar/docs/important-notes.pdf>
